Power in the pedigree only begins to describe this Spectacular Dam. She's very smooth, feminine and correct and a great milker. Not only does she boast huge horns at an early age, her pedigree backs it up. Her dam "RC Pacific Mermaid" is now in the mid 80's tt and her sire the great "Concealed Weapon" is in the high 80's tt even after tipping horn several times. The other greats in her pedigree include: Peacemaker 44, Horseshoe J
