Great Pedigree on this beautiful girl. Shame she lost her beautiful horns in the DFW Freeze of 2021. Very Sweet Cow that we believe has tremendous production potential. Her 2023 daughter sired by "Cherokee HR" is a beautiful, tall, long bodied heifer, great on her feet with great horn direction, we can't wait to pair this girl for future outstanding offspring. "Aria" is bred to "Brass Rail" for a summer 2025 calf. "Brass Rail" sired by "Brazos Tuff
